REMARKS/ARGUMENTS

The Quayle Action was mailed to the previous agent of record, and was returned unopened. We have made several attempts to have the Quayle Action re-issued. In the hope of moving the case forward, we are filing this response to the Quayle Action.

The claims have been amended to correct the antecedent issues identified by the Examiner.

New Figure 2 is being amended to include the descriptive labels "training symbol" and "data symbol" as requested by the Examiner.

In view of the foregoing, early favorable consideration of this application is earnestly solicited.

Respectfully submitted,

JIANGLEI MA, ET AL
